Subject No. 449.

Raising the waste-weir of Dharmasagara tank.

Mr. Abidulla Saheb of Koratagere.

Summary of discussion.—The raising of the waste-weir of Dharmasagara tank will bring a large number of dry lands under wet cultivation.

Reply of Government.—It was proposed to raise the weirs of this tank by 16 feet to bring under irrigation an additional area of 1,000 acres, but this proposal had to be given up on account of the exorbitant demand made on account of compensation for lands submerged. The raiyats were, besides, unwilling to contribute towards the work. The matter will be again investigated.

Subject No. 450.

A musafirkhana for Kadaba.

Mr. Hutcheeregowda of Gubbi Taluk.

Summary of discussion.—Kadaba is the head-quarters of a hobli and is also a Union. A musafirkhana at Kadaba would be useful to travellers as the distance between Mayasandra and Nittur is some 19 miles.

Reply of Government.—Will be referred to the District Board.

Subject No. 451.

Raising the waste-weir of Kadaba tank.

Mr. Hutcheeregowda and Mr. Ramanuja Iyengar of Kadaba, Gubbi Taluk.

Summary of discussion.—The project of raising the waste-weir of Kadaba tank may be sanctioned early.

Reply of Government.—The matter may be represented to the Deputy Commissioner.

Subject No. 452.

Raising the waste-weir of the Rampura tank and repairing its leaky sluice.

Messrs. Hutcheeregowda and Ramanuja Iyengar.

Summary of discussion.—The waste-weir of Rampura tank may be raised and its leaky sluice repaired.

Reply of Government.—The matter will be referred to the Deputy Commissioner for the early execution of the repairs.

Subject No. 453.

A Nala manegar for the Maidala tank.

Mr. Sasal Thimmegowda.

Summary of discussion.—A Nala manegar may be appointed for the Maidala tank which yields a large revenue of about 7,000 rupees.

Withdrawn.

Subject No. 454.

Reduction of wet and garden rates of assessment under all tanks in the Tumkur Taluk during Resurvey.

Mr. Sasal Thimmegowda.

Summary of discussion.—The wet and garden rates of assessment now prevailing in the Tumkur Taluk are high and must be reduced during the ensuing survey and settlement.

Reply of Government.—The policy of the Revision Settlement is to equalize and reduce the garden rates more to the level of the ordinary wet rates, and this will be attended to in the Tumkur Taluk at the Revision Settlement.

Subject No. 455.

Repairs to the Siravara Kodige Tank.

Mr. Ranga Naik of Tumkur Taluk.

Summary of discussion.—The sluice and waste-weir of the Kodige tank at Siravara are in a state of disrepair. They may be repaired early.

Reply of Government.—This will be referred to the P. W. D. for report and needful action.

Subject No. 456.

Repairs to the feeder channel of Maidala Tank at Government cost.

Mr. Sasal Thimmegowda.

Summary of discussion.—The revenue under the Maidala tank being 7,000 rupees, the Government should bear the cost of the repairs to the feeder-channel instead of levying contribution from holders of lands under the tank.

Reply of Government.—The P. W. D. will be asked to submit a note in this matter after investigation.
